Business Ownership

# The Design of an Ideal Business...

## Dial a Bottle

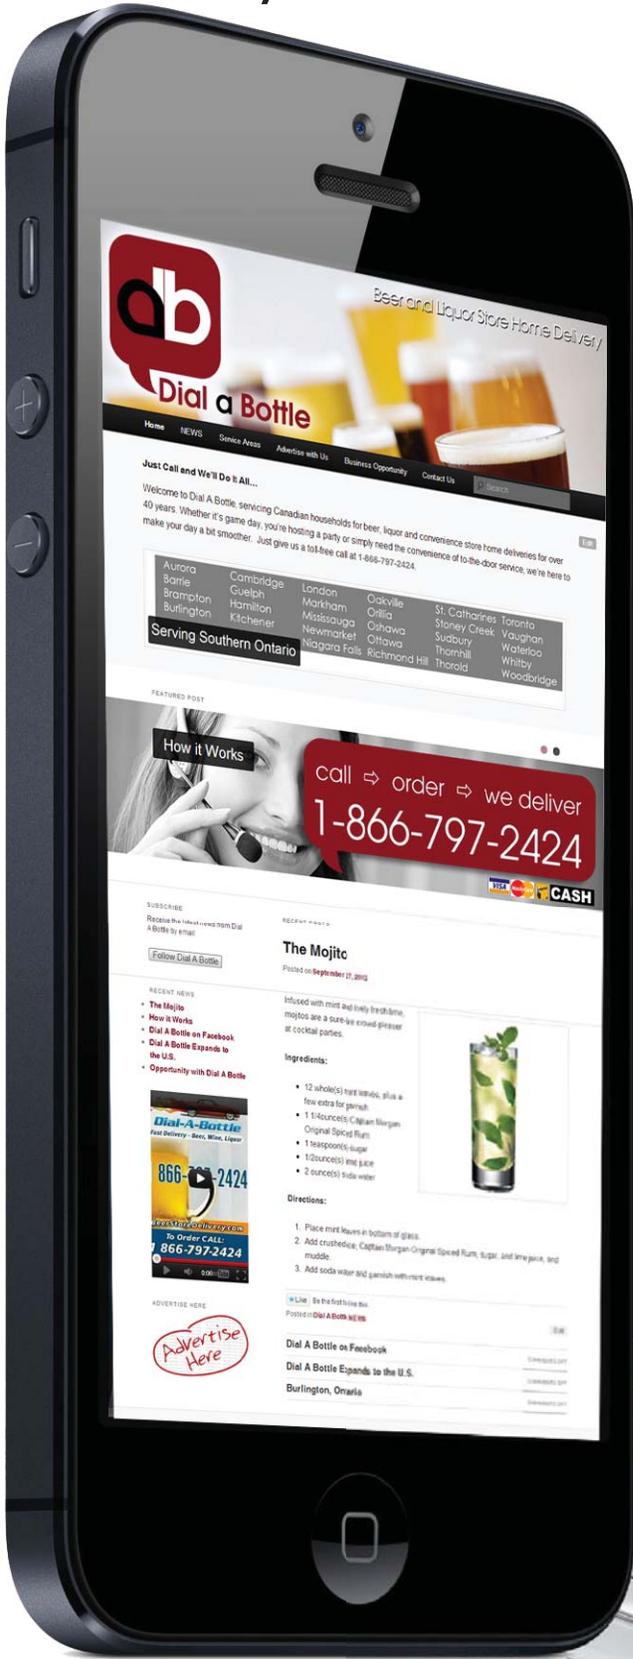

- Own it - your own business
- Low cost / high return
- Top profit margins
- No inventory
- No payroll withholdings
- No lease or rent to pay
- No capital costs for equipment
- Simple business model
- Established territories
- Immediate cash flow
- Financing available
- Work with the industry leader
- Licenced by the Province of Ontario

# Why Dial A Bottle?

- A DAB Territory costs less than other businesses with comparable income and profits.
- No expensive equipment to buy.
- No employees - drivers working for you are independent broker/agent (you are not responsible for payroll deductions or other taxes).
- State-of-the-art call centre takes all of your orders for you.
- Tap into DAB's modern website and social media presence.

How can we help you?

# How Does It Work?

- DAB will take all your orders through our existing call centre.
- Experienced call-takers forward the orders to your smart-phone.
- Your drivers pick up the orders at the local Beer or Liquor stores and deliver to the customers.
- DAB retains a small percentage of the delivery to pay for the infrastructure needed for your business.

**How it Works**

call ⇒ order ⇒ we deliver

# Get in Business for Yourself but not by Yourself...

What separates us from our competition is our state-of-the-art dispatch software and call centre technology. This infrastructure is provided to all of our business owners so that you can focus on serving your customers and building your business.

DAB provides you media advertising in your market, featuring print, internet and social media. Also available to all our owners are customized marketing materials suitable for personal use and with your drivers and customers.

DAB is the largest service provider in Ontario, simply because we are the best! Our proven system has created many successful DAB business owners.

Our business model is simple, recession resistant and provides a solid foundation for a lifestyle that can provide you financial success and a time-leveraging system.
